Item 4: Advisory Business

Firm Description

Future Bright, LLC doing business as Future Bright was founded in January 2014 and began offering advisory services in April 2015. Ross David Almlie, Troy Lee Moore and Shannon Burnell are majority owners.

Future Bright is a fee based investment management firm. The firm does not sell annuities and insurance products, but the Managing Member offers insurance. Future Bright does not act as a custodian of client assets.

Other professionals (e.g., lawyers, accountants, tax preparers, insurance agents, etc.) are engaged directly by the client on an as-needed basis and may charge fees of their own. Conflicts of interest will be disclosed to the client in the event they should occur.

Types of Advisory Services

Future Bright provides investment supervisory services, also known as asset management services and investment advice through consultations.

Asset Management Services

Future Bright offers discretionary direct asset management services to advisory clients. Future Bright will offer clients ongoing portfolio management services through determining individual investment goals, time horizons, objectives, and risk tolerance. Investment strategies, investment selection, asset allocation, portfolio monitoring and the overall investment program will be based on the above factors. The client will authorize Future Bright discretionary authority to execute selected investment program transactions as stated within the Investment Advisory Agreement. As part of Future Bright's asset management services, clients will receive written financial plans. There are no additional fees for the written financial plans.

ERISA Plan Services

Future Bright provides service to qualified and non-qualified retirement plans including 401(k) plans, 403(b) plans, pension and profit sharing plans, cash balance plans, and deferred compensation plans.

3(38) Investment Manager. Future Bright can also act as an ERISA 3(38) Investment Manager in which it has discretionary management and control of a given retirement plan's assets. Future Bright would then become solely responsible and liable for the selection, monitoring and replacement of the plan's investment options.

1. Fiduciary Services are:

_____ Future Bright has discretionary authority and will make the final decision regarding the initial selection, retention, removal and addition of

investment options in accordance with the Plan's investment policies and objectives.

_____ Assist the Client with the selection of a broad range of investment options consistent with ERISA Section 404(c) and the regulations thereunder.

_____ Provide discretionary investment advice to the Plan Sponsor with respect to the selection of a qualified default investment alternative for participants who are automatically enrolled in the Plan or who have otherwise failed to make investment elections. The Client retains the sole responsibility to provide all notices to the Plan participants required under ERISA Section 404(c) (5).

2. Non-fiduciary Services are:

_____ Assist in the education of Plan participants about general investment information and the investment alternatives available to them under the Plan. Client understands the Advisor's assistance in education of the Plan participants shall be consistent with and within the scope of the Department of Labor's definition of investment education (Department of Labor Interpretive Bulletin 96-1). As such, Future Bright is not providing fiduciary advice as defined by ERISA to the Plan participants. Future Bright will not provide investment advice concerning the prudence of any investment option or combination of investment options for a particular participant or beneficiary under the Plan.

_____ Assist in the group enrollment meetings designed to increase retirement plan participation among the employees and investment and financial understanding by the employees.

Future Bright may provide these services or, alternatively, may arrange for the Plan's other providers to offer these services, as agreed upon between Future Bright and Client.

3. Future Bright has no responsibility to provide services related to the following types of assets ("Excluded Assets"):

- a. Employer securities;
- b. Real estate (except for real estate funds or publicly traded REITs);
- c. Stock brokerage accounts or mutual fund windows;
- d. Participant loans;
- e. Non-publicly traded partnership interests;
- f. Other non-publicly traded securities or property (other than collective trusts and similar vehicles); or

- g. Other hard-to-value or illiquid securities or property.

Excluded Assets will **not** be included in calculation of Fees paid to Advisor under the Agreement.

Assets Held Away Services

Future Bright offers asset management advice to individuals on their qualified plans. Future Bright will work with individuals on determining their individual investment goals, time horizons, objectives, and risk tolerance. Investment strategies, investment selection, and asset allocation are based on the above factors. Future Bright does not charge a fee for this service and only offers it to clients who are utilizing the Asset Management Services.

Educational Workshop Services

Future Bright holds educational workshops to educate the public on different types of investments and the different services they offer. The workshops are educational in nature and no specific investment or tax advice is given.

"Pay Your Age" Combination Services

Future Bright offers a combination asset management and financial planning service to clients. Future Bright will provide the following:

- Initial financial plan development + ongoing edits & revisions
- Financial advisory Q&A
- Investment risk profile assessment
- Retirement planning
- Distribution planning
- Financial education opportunities (workshops, webinars, etc.)
- Account set up and servicing

The initial financial plan development will be delivered inside of sixty (60) days. Any ongoing edits and revisions thereafter will be as needed or requested by the client. The client will authorize Future Bright discretionary authority to execute selected investment program transactions as stated within the Investment Advisory Agreement. The services cover all areas of financial planning to risk management and estate conservation. Future Bright specializes in helping our clients develop a comprehensive and cohesive financial strategy that fits their unique needs and enables them to meet both short and long term objectives. If a conflict of interest exists between the interests of the investment advisor and the interests of the client; the client is under no obligation to act upon the investment advisor's recommendation.

Client Tailored Services and Client Imposed Restrictions

The goals and objectives for each client are documented in our client files. Investment strategies are created that reflect the stated goals and objective. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without written client consent.

Wrap Fee Programs

Future Bright offers a wrap fee program which is disclosed in the Form ADV Part 2, Appendix 1.

Client Assets under Management

As of December 31, 2016, Future Bright has approximately \$28,541,865 in client assets under management on a discretionary basis.

Item 5: Fees and Compensation

Method of Compensation and Fee Schedule

Future Bright bases its fees on a percentage of assets under management.

Asset Management Services & Fees

Future Bright offers discretionary direct asset management services to advisory clients. Future Bright charges an annual investment advisory fee based on the total assets under management as follows:

Assets Under Management	Annual Fee	Quarterly Fee
\$0 - \$500,000	1.00%	.25%
\$500,001 – \$3,000,000	.80%	.20%
\$3,000,001 and Over	.60%	.15%

The annual fee may be negotiable. Accounts within the same household may be combined for a reduced fee. Fees are billed quarterly in advance based on the amount of assets managed as of the last business day of the previous quarter. Initial fees for partial quarters are pro-rated. Quarterly advisory fees deducted from the clients' account by the custodian will be reflected in a provided fee invoice as fees are withdrawn. Lower fees for comparable services may be available from other sources. Clients may terminate their account within five (5) business days of signing the Investment Advisory Agreement for a full refund. Clients may terminate advisory services with thirty (30) days written notice. For accounts closed mid-quarter, the client will be entitled to a pro rata refund for the days service was not provided in the final quarter. Client shall be given thirty (30) days prior written notice of any increase in fees. Client will acknowledge, in writing, before any increase in said fees occurs.

Assets Held Away Services & Fees

The annual fees are based on the market value of the Included Assets as follows:

Included Assets	Annual Fee	Quarterly Fee
\$0 - \$3,000,000	.50%	.1250%
\$3,000,0001 - \$5,000,000	.35%	.0875%
\$5,000,0001 and Over	.25%	.0625%

The initial fee will be based on the market value of the Plan assets as calculated by the custodian or record keeper of the Included Assets on the first business day of the initial fee period and will be due on the first business day of the fee period. If the services to be provided start any time other than the first day of a quarter, the fee will be prorated based on the number of days remaining in the initial fee period. Thereafter, the fee will be based on the market value of the Plan assets on the last business day of the previous fee period (without adjustments for anticipated withdrawals by Plan participants or other anticipated or scheduled transfers or distribution of assets) and will be due the following business day. If this Agreement is terminated prior to the end of the fee period, Future Bright shall be entitled to a prorated fee based on the number of days during the fee period services were provided. Any unearned fees shall be refunded to the Plan or Plan Sponsor.

The compensation of Future Bright for the services is described in detail in Schedule A of the ERISA Plan Agreement. The Plan is obligated to pay the fees, however the Plan Sponsor may elect to pay the fees. Future Bright does not reasonably expect to receive any additional compensation, directly or indirectly, for its services under this Agreement. If additional compensation is received, Future Bright will disclose this compensation, the services rendered, and the payer of compensation. Future Bright will offset the compensation against the fees agreed upon under this Agreement.

Educational Workshop Services & Fees

Future Bright holds workshops to educate the public on different types of investments and different services they offer. Fees for these workshops will vary based on the venue and the size of the audience. The negotiable fixed fee range for these workshops is between \$500 and \$1,500 based on venue and size. Payment is due within fifteen (15) days of the completed workshop. Future Bright will bill the companies direct.

“Pay Your Age” Combination Services & Fees

Future Bright charges an ongoing monthly fee to clients participating in this program. Clients will be charged the ongoing monthly fee at the end of each month in which services are provided based upon their current age when they enter into the program not to exceed \$50.00. *(i.e. if a client signs an advisory agreement at the age of 35 they will pay*

a \$35.00 monthly ongoing fee for the life of the contract). Any household accounts will be charged a monthly fee based on the eldest member of the family. In addition to the monthly ongoing fee, clients will be required to pay an annual percentage based off of assets being managed. The annual percentage will be .35%. All fees, monthly and annual, will be charged to the credit card on file.

Clients may terminate their account within five (5) business days of signing the Investment Advisory Agreement for a full refund. Clients may terminate advisory services with thirty (30) days written notice. For accounts closed mid-month, Future Bright will be entitled to a pro rata fee for the days service was provided in the final month. Client shall be given thirty (30) days prior written notice of any increase in fees. Client will acknowledge, in writing, before any increase in said fees occurs.

Client Payment of Fees

Investment management fees are billed quarterly in advance, meaning we bill you before the three-month period has started. Payment in full is expected upon invoice presentation. Fees are usually deducted from a designated client account to facilitate billing. The client must consent in advance to direct debiting of their investment account. Fees for workshops are due within fifteen days of the completed workshop. Fees for the combination services are charged at the end of the month in which services are offered to the credit card on file with Future Bright.

Additional Client Fees Charged

Custodians may charge transaction fees on purchases or sales of certain mutual funds, equities, and exchange-traded funds. These charges may include Mutual Fund transactions fees, postage and handling and miscellaneous fees (fee levied to recover costs associated with fees assessed by self-regulatory organizations). These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is more important than the nominal fee that the custodian charges to buy or sell the security.

Future Bright, in its sole discretion, may charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.). For more details on the brokerage practices, see Item 12 of this brochure.

Prepayment of Client Fees

Investment management fees are billed quarterly in advance.

If the client cancels after five (5) business days, any unearned fees will be refunded to the client, or any unpaid earned fees will be due to Future Bright.

External Compensation for the Sale of Securities to Clients

Future Bright does not receive any external compensation for the sale of securities to clients, nor do any of the investment advisor representatives of Future Bright.

Item 6: Performance-Based Fees and Side-by-Side Management

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

Future Bright does not use a performance-based fee structure because of the conflict of interest. Performance based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Item 7: Types of Clients

Description

Future Bright generally provides investment advice to individuals, high net worth individuals, small businesses, pension and profit sharing plans and corporations.

Client relationships vary in scope and length of service.

Account Minimums

Future Bright does not require a minimum to open an account.

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include fundamental analysis, technical analysis, and cyclical analysis. Investing in securities involves risk of loss that clients should be prepared to bear. Past performance is not a guarantee of future returns.

Fundamental analysis involves evaluating a stock using real data such as company revenues, earnings, return on equity, and profits margins to determine underlying value and potential growth. Technical analysis involves evaluating securities based on past prices and volume. Cyclical analysis involves analyzing the cycles of the market.

The main sources of information include financial newspapers and magazines, annual reports, prospectuses, and filings with the Securities and Exchange Commission.

Investment Strategy

The investment strategy for a specific client is based upon the objectives stated by the client during consultations. The client may change these objectives at any time. Each

client executes an Investment Policy Statement or Risk Tolerance that documents their objectives and their desired investment strategy.

Other strategies may include long-term purchases, short-term purchases, trading, and option writing (including covered options, uncovered options or spreading strategies).

Security Specific Material Risks

All investment programs have certain risks that are borne by the investor. Fundamental analysis may involve interest rate risk, market risk, business risk, and financial risk. Risks involved in technical analysis are inflation risk, reinvestment risk, and market risk. Cyclical analysis involves inflation risk, market risk, and currency risk.

Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks and should discuss these risks with Future Bright:

- *Interest-rate Risk:* Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- *Market Risk:* The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- *Inflation Risk:* When any type of inflation is present, a dollar today will buy more than a dollar next year, because purchasing power is eroding at the rate of inflation.
- *Currency Risk:* Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- *Reinvestment Risk:* This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- *Business Risk:* These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- *Liquidity Risk:* Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized

product. For example, Treasury Bills are highly liquid, while real estate properties are not.

- *Financial Risk:* Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

Item 9: Disciplinary Information

Criminal or Civil Actions

The firm and its management have not been involved in any criminal or civil action.

Administrative Enforcement Proceedings

The firm and its management have not been involved in administrative enforcement proceedings.

Self-Regulatory Organization Enforcement Proceedings

The firm and its management have not been involved in any legal or disciplinary events related to past or present investment clients.

Item 10: Other Financial Industry Activities and Affiliations

Broker-Dealer or Representative Registration

No affiliated representatives of Future Bright are registered representatives of a broker-dealer.

Futures or Commodity Registration

Neither Future Bright nor its employees are registered or has an application pending to register as a futures commission merchant, commodity pool operator, or a commodity trading advisor.

Material Relationships Maintained by this Advisory Business and Conflicts of Interest

Managing Member Ross David Almlie is also a licensed insurance agent. Approximately 15% of Mr. Almlie's time is spent in this practice. From time to time, he will offer clients products and/or services from this activity.

This represents a conflict of interest because it gives an incentive to recommend products and services based on the commission and/or fee amount received. This conflict is mitigated by disclosures, procedures, and the firm's Fiduciary obligation to place the best interest of the client first and the clients are not required to purchase any

products or services. Clients have the option to purchase these products or services through another insurance agent of their choosing.

In addition to his other business activity as an insurance agent, Mr. Almlie is the Founder of BreadVault, LLC, a youth financial literacy company. Through this company Ross develops curriculum, conducts public speaking and creates writing workshops to provide youth with a better understanding of saving, investing and giving. There is no conflict of interest as advisory clients of Future Bright are not solicited services for BreadVault, LLC.

Recommendations or Selections of Other Investment Advisors and Conflicts of Interest

Future Bright does not utilize the services of Third Party Money Managers to manage client accounts.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics Description

The employees of Future Bright have committed to a Code of Ethics (“Code”). The purpose of our Code is to set forth standards of conduct expected of Future Bright employees and addresses conflicts that may arise. The Code defines acceptable behavior for employees of Future Bright. The Code reflects Future Bright and its supervised persons’ responsibility to act in the best interest of their client.

One area the Code addresses is when employees buy or sell securities for their personal accounts and how to mitigate any conflict of interest with our clients. We do not allow any employees to use non-public material information for their personal profit or to use internal research for their personal benefit in conflict with the benefit to our clients.

Future Bright’s policy prohibits any person from acting upon or otherwise misusing non-public or inside information. No advisory representative or other employee, officer or director of Future Bright may recommend any transaction in a security or its derivative to advisory clients or engage in personal securities transactions for a security or its derivatives if the advisory representative possesses material, non-public information regarding the security.

Future Bright’s Code is based on the guiding principle that the interests of the client are our top priority. Future Bright’s officers, directors, advisors, and other employees have a fiduciary duty to our clients and must diligently perform that duty to maintain the complete trust and confidence of our clients. When a conflict arises, it is our obligation to put the client’s interests over the interests of either employees or the company.

The Code applies to “access” persons. “Access” persons are employees who have access to non-public information regarding any clients' purchase or sale of securities, or non-public information regarding the portfolio holdings of any reportable fund, who are involved in making securities recommendations to clients, or who have access to such recommendations that are non-public.

The firm will provide a copy of the Code of Ethics to any client or prospective client upon request.

Investment Recommendations Involving a Material Financial Interest and Conflict of Interest

Future Bright and its employees do not recommend to clients securities in which we have a material financial interest.

Advisory Firm Purchase of Same Securities Recommended to Clients and Conflicts of Interest

Future Bright and its employees may buy or sell securities that are also held by clients. In order to mitigate conflicts of interest such as trading ahead of client transactions, employees are required to disclose all reportable securities transactions as well as provide Future Bright with copies of their brokerage statements.

Client Securities Recommendations or Trades and Concurrent Advisory Firm Securities Transactions and Conflicts of Interest

Future Bright does not maintain a firm proprietary trading account and does not have a material financial interest in any securities being recommended and therefore no conflicts of interest exist. However, employees may buy or sell securities at the same time they buy or sell securities for clients. In order to mitigate conflicts of interest such as front running, employees are required to disclose all reportable securities transactions as well as provide Future Bright with copies of their brokerage statements.

The Chief Compliance Officer of Future Bright is Ross D. Almlie. He reviews all employee trades each quarter. The personal trading reviews ensure that the personal trading of employees does not affect the markets and that clients of the firm receive preferential treatment over employee transactions.

Item 12: Brokerage Practices

Factors Used to Select Broker-Dealers for Client Transactions

Future Bright will recommend the use of a particular broker-dealer. Future Bright will select appropriate brokers based on a number of factors including but not limited to their relatively low transaction fees and reporting ability. Future Bright relies on its broker to provide its execution services at the best prices available. Lower fees for

comparable services may be available from other sources. Clients pay for any and all custodial fees in addition to the advisory fee charged by Future Bright. If clients elect to participate in Future Bright's standard asset management services they will be required to utilize TD Ameritrade Institutional, a Division of TD Ameritrade, Inc., Member FINRA/SIPC. If clients elect to participate in Future Bright's Wrap Fee Program, they will be required to utilize Motif Investing, Inc. as the custodian.

Future Bright participates in the TD Ameritrade Institutional program. TD Ameritrade, Inc. ("TD Ameritrade") is an independent SEC-registered broker-dealer and is not affiliated with Future Bright. TD Ameritrade offers to independent investment Advisors services which include custody of securities, trade execution, clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the program. (Please see the disclosure under Item 14)

- *Directed Brokerage*
Future Bright does not allow clients to direct brokerage.
- *Best Execution*
Investment advisors who manage or supervise client portfolios on a discretionary and non-discretionary basis have a fiduciary obligation of best execution. The determination of what may constitute best execution and price in the execution of a securities transaction by a broker involves a number of considerations and is subjective. Factors affecting brokerage selection include the overall direct net economic result to the portfolios, the efficiency with which the transaction is effected, the ability to effect the transaction where a large block is involved, the operational facilities of the broker-dealer, the value of an ongoing relationship with such broker and the financial strength and stability of the broker. The firm does not receive any portion of the trading fees.
- *Soft Dollar Arrangements*
The Securities and Exchange Commission defines soft dollar practices as arrangement under which products or services other than execution services are obtained by Future Bright from or through a broker-dealer in exchange for directing client transactions to the broker-dealer. As permitted by Section 28(e) of the Securities Exchange Act of 1934, Future Bright receives economic benefits as a result of commissions generated from securities transactions by the broker-dealer from the accounts of Future Bright. These benefits include both proprietary research from the broker and other research written by third parties.

A conflict of interest exists when Future Bright receives soft dollars. This conflict is mitigated by disclosures, procedures, and the firm's Fiduciary obligation to act in the best interest of its clients and the services received are beneficial to all clients.

Aggregating Securities Transactions for Client Accounts

Future Bright is authorized in its discretion to aggregate purchases and sales and other transactions made for the account with purchases and sales and transactions in the same securities for other Clients of Future Bright. All clients participating in the aggregated order shall receive an average share price with all other transaction costs shared on a pro-rated basis.

Item 13: Review of Accounts

Schedule for Periodic Review of Client Accounts or Financial Plans and Advisory Persons Involved

Account reviews are performed quarterly by Ross D. Almlie, Chief Compliance Officer of Future Bright. Account reviews are performed more frequently when market conditions dictate.

Review of Client Accounts on Non-Periodic Basis

Other conditions that may trigger a review of clients' accounts are changes in the tax laws, new investment information, and changes in a client's own situation.

Content of Client Provided Reports and Frequency

Clients receive account statements no less than quarterly for managed accounts. Account statements are issued by Future Bright's custodian. Client receives confirmations of each transaction in account from Custodian and an additional statement during any month in which a transaction occurs.

Item 14: Client Referrals and Other Compensation

Economic benefits provided to the Advisory Firm from External Sources and Conflicts of Interest

As disclosed under Item 12 above, Advisor participates in TD Ameritrade's institutional customer program and Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between Future Bright's participation in the program and the investment advice it gives to its Clients, although Future Bright receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving Future Bright participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications

network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Future Bright by third party vendors.

TD Ameritrade may also have paid for business consulting and professional services received by Future Bright's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit Future Bright but may not benefit its Client accounts. These products or services may assist Future Bright in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help Future Bright manage and further develop its business enterprise. The benefits received by Future Bright or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, Future Bright endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by Future Bright or its related persons in and of itself creates a conflict of interest and may indirectly influence Future Bright's choice of TD Ameritrade for custody and brokerage services.

Advisory Firm Payments for Client Referrals

Future Bright does not compensate for client referrals.

Item 15: Custody

Account Statements

All assets are held at qualified custodians, which means the custodians provide account statements directly to clients at their address of record at least quarterly. Clients are urged to compare the account statements received directly from their custodians to the performance report statements prepared by Future Bright.

Future Bright is deemed to have constructive custody solely because advisory fees are directly deducted from client's account by the custodian on behalf of Future Bright.

Item 16: Investment Discretion

Discretionary Authority for Trading

Future Bright accepts discretionary authority to manage securities accounts on behalf of clients. Future Bright has the authority to determine, without obtaining specific client consent, the securities to be bought or sold, and the amount of the securities to be bought or sold. However, Future Bright consults with the client prior to each trade to

obtain concurrence if a blanket trading authorization has not been given. Clients may imply certain restrictions on accounts with discretionary authority.

The client approves the custodian to be used and the commission rates paid to the custodian. Future Bright does not receive any portion of the transaction fees or commissions paid by the client to the custodian on certain trades.

Item 17: Voting Client Securities

Proxy Votes

Future Bright does not vote proxies on securities. Clients are expected to vote their own proxies. The client will receive their proxies directly from the custodian of their account or from a transfer agent.

When assistance on voting proxies is requested, Future Bright will provide recommendations to the client. If a conflict of interest exists, it will be disclosed to the client.

Item 18: Financial Information

Balance Sheet

A balance sheet is not required to be provided because Future Bright does not serve as a custodian for client funds or securities and Future Bright does not require prepayment of fees of more than \$500 per client and six months or more in advance.

Financial Conditions Reasonably Likely to Impair Advisory Firm's Ability to Meet Commitments to Clients

Future Bright has no condition that is reasonably likely to impair our ability to meet contractual commitments to our clients.

Bankruptcy Petitions during the Past Ten Years

Neither Future Bright nor its management has had any bankruptcy petitions in the last ten years.

Item 19: Requirements for State Registered Advisors

-

Item 3 Disciplinary Information

None to report.

Item 4 Other Business Activities

Managing member Ross D. Almlie is also a licensed insurance agent. Approximately 15% of Mr. Almlie's time is spent in this practice. From time to time, he will offer clients products and/or services from this activity.

This represents a conflict of interest because it gives an incentive to recommend products and services based on the commission amount received. This conflict is mitigated by disclosures, procedures, and the firm's Fiduciary obligation to place the best interest of the client first and the clients are not required to purchase any products or services. Clients have the option to purchase these products or services through another insurance agent of their choosing.

In addition to his other business activity as an insurance agent, Mr. Almlie is the Founder of BreadVault, LLC, a youth financial literacy company. Through this company Ross develops curriculum, conducts public speaking and creates writing

workshops to provide youth with a better understanding of saving, investing and giving. There is no conflict of interest as advisory clients of Future Bright are not solicited services for BreadVault, LLC.

Item 5 Additional Compensation

Mr. Almlie receives additional compensation in his capacity as an insurance agent, but he does not receive any performance based fees.

Item 6 Supervision

As Chief Compliance Officer of Future Bright Mr. Almlie is solely responsible for all supervision and formulation and monitoring of investment advice offered to clients. He will adhere to the policies and procedures as described in the firm's Compliance Manual.

Item 7 Requirements for State-Registered Advisors

Arbitration Claims: None to report.

Self-Regulatory Organization or Administrative Proceeding: None to report.

Bankruptcy Petition: None to report.
