Additional information about Future Bright (IARD#177521) is available on the SEC's website at www.adviserinfo.sec.gov

JANUARY 2022

Item 2: Material Changes

Annual Update

The Material Changes section of this brochure will be updated annually or when material changes occur since the previous release of the Firm Brochure.

Material Changes since the Last Update

Since the last filing of this brochure in February 2021, we have made the following changes to this brochure:

- Item 4 was updated to explain that two owners, Shannon Burnell and Scott Sanders, are silent partners and have no responsibilities or activities in the day-to-day operations of the firm.
- Item 5 has been updated due to changes in our fee schedule for Asset Management Services. Effective February 1, 2022, Future Bright modified its fee schedule to account for higher company input costs and additional staffing needs. All discretionary direct asset management services to advisory clients onboard with Future Bright prior to 2/1/2022 were grandfathered using the previous fee schedule. Clients who sign up for Future Bright direct asset management services on or after February 1, 2022 will fall under the modified fee. Please refer to Item 5 for more information and to view the fee schedules.
- Item 8 was updated to describe our subscription for using Hedgeye Research, which prescribes active asset management guidance using two economic indicators as its paramount data points: GDP and inflation. We use this method to implement what we have labeled “Silo Investing” and serves as our primary format of cyclical analysis. Refer to Item 8 for more information.
- Randall Sidener and Scott Sanders are no longer general partners of the Northern Plains Fund, LLLP. Ross Almlie is currently the sole general partner of the Northern Plains Fund, LLLP and updates to that point have been made throughout the brochure where necessary.

Item 4: Advisory Business

Firm Description

Future Bright, LLC doing business as Future Bright was founded in January 2014 and began offering advisory services in April 2015. Ross David Almlie, Matthew Johnson, Randall Sidener, Shannon Burnell and Scott Sanders are equal owners. However, Mr. Burnell and Mr. Sanders are silent partners and have no responsibilities or activities in the day-to-day operations of the firm.

Future Bright is a fee based investment management firm. The firm does not sell annuities and insurance products, but the Managing Member offers insurance. Future Bright does not act as a custodian of client assets.

Other professionals (e.g., lawyers, accountants, tax preparers, insurance agents, etc.) are engaged directly by the client on an as-needed basis and may charge fees of their own. Conflicts of interest will be disclosed to the client in the event they should occur.

Types of Advisory Services

Future Bright provides investment supervisory services, also known as asset management services and investment advice through consultations.

Asset Management Services

Future Bright offers discretionary direct asset management services to advisory clients. Future Bright will offer clients ongoing portfolio management services through determining individual investment goals, time horizons, objectives, and risk tolerance.

Investment strategies, investment selection, asset allocation, portfolio monitoring and the overall investment program will be based on the above factors.

In connection with Asset Management Services, we are available, at your specific request and direction to provide modular components of financial planning that are specific and unique to your personal situation. Such services are considered ancillary to the management of your accounts and we do not offer comprehensive or holistic financial planning services on a continuous and on-going basis. When helping clients formulate an investment and financial plan we can produce retirement projections and income-distribution projections.

You must appoint our firm as your investment adviser of record on specified accounts (collectively, the "Account"). The Account consists only of separate account(s) held by qualified custodian(s) under your name. The qualified custodians maintain physical custody of all funds and securities of the Account, and you retain all rights of ownership (e.g., right to withdraw securities or cash, exercise or delegate proxy voting and receive transaction confirmations) of the Account.

The Account is managed by us based on your financial situation, investment objectives and risk tolerance. We actively monitor the Account and provide advice regarding

buying, selling, reinvesting or holding securities, cash or other investments of the Account.

We will need to obtain certain information from you to determine your financial situation and investment objectives. You will be responsible for notifying us of any updates regarding your financial situation, risk tolerance or investment objective and whether you wish to impose or modify existing investment restrictions; however we will contact you at least annually to discuss any changes or updates regarding your financial situation, risk tolerance or investment objectives. We are always reasonably available to consult with you relative to the status of your Account. You have the ability to impose reasonable restrictions on the management of your accounts, including the ability to instruct us not to purchase certain securities.

Client accounts are invested predominantly in equity-securities (i.e. stock positions), open-end mutual funds and ETFs which helps to reduce conflicts of interest between personal trades by associated persons of Future Bright and trades in client accounts, even when such accounts invest in the same securities. However, in the event of other identified potential trading conflicts of interest, our goal is to place client interests first.

It is important that you understand that we manage investments for other clients and may give them advice or take actions for them or for our personal accounts that is different from the advice we provide to you or actions taken for you. We are not obligated to buy, sell or recommend to you any security or other investment that we may buy, sell or recommend for any other clients or for our own accounts.

Conflicts may arise in the allocation of investment opportunities among accounts that we manage. We strive to allocate investment opportunities believed to be appropriate for your account(s) and other accounts advised by our firm among such accounts equitably and consistent with the best interests of all accounts involved.

ERISA Plan Services

Future Bright provides service to qualified and non-qualified retirement plans including 401(k) plans, 403(b) plans, pension and profit sharing plans, cash balance plans, and deferred compensation plans.

3(38) Investment Manager. Future Bright can also act as an ERISA 3(38) Investment Manager in which it has discretionary management and control of a given retirement plan's assets. Future Bright would then become solely responsible and liable for the selection, monitoring and replacement of the plan's investment options.

Fiduciary Services are:

- Future Bright has discretionary authority and will make the final decision regarding the initial selection, retention, removal and addition of investment options in accordance with the Plan's investment policies and objectives.

- Assist the Client with the selection of a broad range of investment options consistent with ERISA Section 404(c) and the regulations thereunder.
- Provide discretionary investment advice to the Plan Sponsor with respect to the selection of a qualified default investment alternative for participants who are automatically enrolled in the Plan or who have otherwise failed to make investment elections. The Client retains the sole responsibility to provide all notices to the Plan participants required under ERISA Section 404(c) (5).

Non-fiduciary Services are:

- Assist in the education of Plan participants about general investment information and the investment alternatives available to them under the Plan. Client understands the Advisor's assistance in education of the Plan participants shall be consistent with and within the scope of the Department of Labor's definition of investment education (Department of Labor Interpretive Bulletin 96-1). As such, Future Bright is not providing fiduciary advice as defined by ERISA to the Plan participants. Future Bright will not provide investment advice concerning the prudence of any investment option or combination of investment options for a particular participant or beneficiary under the Plan.
- Assist in the group enrollment meetings designed to increase retirement plan participation among the employees and investment and financial understanding by the employees.

Future Bright may provide these services or, alternatively, may arrange for the Plan's other providers to offer these services, as agreed upon between Future Bright and Client.

Future Bright has no responsibility to provide services related to the following types of assets ("Excluded Assets"):

- a. Employer securities;
- b. Real estate (except for real estate funds or publicly traded REITs);
- c. Stock brokerage accounts or mutual fund windows;
- d. Participant loans;
- e. Non-publicly traded partnership interests;
- f. Other non-publicly traded securities or property (other than collective trusts and similar vehicles); or
- g. Other hard-to-value or illiquid securities or property.

Excluded Assets will **not** be included in calculation of Fees paid to Advisor under the Agreement.

Assets Held Away Services

Future Bright offers asset management advice to individuals on their qualified plans. Future Bright will work with individuals on determining their individual investment goals, time horizons, objectives, and risk tolerance. Investment strategies, investment selection, and asset allocation are based on the above factors. Future Bright does not charge a fee for this service and only offers it to clients who are utilizing the Asset Management Services.

Private Fund Management Services

Future Bright serves as investment adviser and Ross Almlie serves as the general partner to a private equity fund, Northern Plains Fund, LLLP, a Minnesota Limited Liability Limited Partnership.

Northern Plains Fund, LLLP is a private fund exempt from registration as an investment company under the Investment Company Act of 1940. The offer and sale of interests in Northern Plains Fund, LLLP are also exempt from registration under the Securities Act of 1933 and similar state laws. As investment adviser, Future Bright will have sole and complete responsibility for managing Northern Plains Fund, LLLP's investment portfolio pursuant to the investment objectives and investment policies of Northern Plains Fund, LLLP.

We will recommend Northern Plains Fund, LLLP as an investment opportunity to our Asset Management Services clients. This is a conflict of interest, and consequently the investment advice provided by Future Bright about the merits of investing in Northern Plains Fund, LLLP is biased. Please refer to Items 5, 10 and 11 for more information about this conflict of interest and our procedures designed to mitigate the conflict of interest.

Future Bright has discretionary authority and is responsible for establishing and implementing the Northern Plains Fund, LLLP's investment objectives and policies. (See Item 15 – Investment Discretion for more information).

Northern Plains Fund, LLLP is organized as a private equity fund to assess and ultimately acquire equity interests in privately held companies across the United States but with specific emphasis on vetting companies in the Northern Plains region. The primary goal of the Northern Plains Fund, LLLP is to produce attractive returns for participating partners through investments and timely subsequent exits from seed and early-stage companies. The following are the types of companies the Fund will consider for investment:

- Agriculture Technology
- Technology
- Financial Technology
- Manufacturing

- E-Commerce
- Healthcare

Potential investors receive a copy of the applicable Confidential Private Placement Memorandum and are required to execute a subscription agreement in order to subscribe for interests in Northern Plains Fund, LLLP.

Client Tailored Services and Client Imposed Restrictions

The goals and objectives for each client are documented in our client files. Investment strategies are created that reflect the stated goals and objective. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without written client consent.

Wrap Fee Programs

Future Bright does not sponsor any wrap fee programs.

Client Assets under Management

As of December 31, 2021, Future Bright has \$100,840,323 in client assets under management on a discretionary basis.

Item 5: Fees and Compensation

Method of Compensation and Fee Schedule

Future Bright bases its fees on a percentage of assets under management.

Asset Management Services & Fees

Future Bright offers discretionary direct asset management services to advisory clients. Prior to February 1, 2022, Future Bright charged an annual investment advisory fee based on the total assets under management as follows:

Client Engagement Prior to February 1, 2022:

Assets Under Management	Annual Fee	Quarterly Fee
\$0 - \$500,000	1.00%	.25%
\$500,001 – \$3,000,000	.80%	.20%
\$3,000,001 and Over	.60%	.15%

Effective February 1, 2022, Future Bright modified its fee schedule to account for higher company input costs and additional staffing needs. All discretionary direct asset management services to advisory clients onboard with Future Bright prior to 2/1/2022 were grandfathered in using the previous fee grid above. Clients who signed up for

Future Bright direct asset management services on or after February 1, 2022 fall under the modified fee grid below:

Client Engagement on February 1, 2022 and Thereafter:

Assets Under Management	Annual Fee	Quarterly Fee
\$0 - \$500,000	1.25%	.3125%
\$500,001 – \$3,000,000	1.00%	.25%
\$3,000,001 and Over	.75%	.1875%

The annual fee is negotiable when agreed upon by Future Bright and the client. Negotiating factors include the amount of future investments, the relationship between the client and the investment adviser representative and the overall complexity of the client’s situation. Accounts within the same household can be combined for a reduced fee. Fees are billed quarterly in advance based on the amount of assets managed as of the last business day of the previous quarter. Initial fees for partial quarters are pro-rated. Quarterly advisory fees deducted from the clients' account by the custodian will be reflected in a provided fee invoice as fees are withdrawn. Lower fees for comparable services may be available from other sources. Clients may terminate their account within five (5) business days of signing the Investment Advisory Agreement for a full refund. Clients may terminate advisory services with thirty (30) days written notice. For accounts closed mid-quarter, the client will be entitled to a pro rata refund for the days service was not provided in the final quarter. Client shall be given thirty (30) days prior written notice of any increase in fees. Client will acknowledge, in writing, before any increase in said fees occurs.

Assets Held Away Services & Fees

The annual fees are based on the market value of the Included Assets as follows:

Included Assets	Annual Fee	Quarterly Fee
\$0 - \$3,000,000	.50%	.1250%
\$3,000,0001 - \$5,000,000	.35%	.0875%
\$5,000,0001 and Over	.25%	.0625%

The initial fee will be based on the market value of the Plan assets as calculated by the custodian or record keeper of the Included Assets on the first business day of the initial fee period and will be due on the first business day of the fee period. If the services to be provided start any time other than the first day of a quarter, the fee will be prorated based on the number of days remaining in the initial fee period. Thereafter, the fee will be based on the market value of the Plan assets on the last business day of the previous fee period (without adjustments for anticipated withdrawals by Plan participants or other anticipated or scheduled transfers or distribution of assets) and will be due the

following business day. If this Agreement is terminated prior to the end of the fee period, Future Bright shall be entitled to a prorated fee based on the number of days during the fee period services were provided. Any unearned fees shall be refunded to the Plan or Plan Sponsor.

The compensation of Future Bright for the services is described in detail in Schedule A of the ERISA Plan Agreement. The Plan is obligated to pay the fees; however the Plan Sponsor may elect to pay the fees. Future Bright does not reasonably expect to receive any additional compensation, directly or indirectly, for its services under this Agreement. If additional compensation is received, Future Bright will disclose this compensation, the services rendered, and the payer of compensation. Future Bright will offset the compensation against the fees agreed upon under this Agreement.

Private Fund Management Fee

Northern Plains Fund, LLLP pays Future Bright an annual 2.00% management fee based on the net asset value attributed to the limited partner interests. Annual fees are divided and paid quarterly in advance based on the value of the net assets in Northern Plains Fund, LLLP as determined on the last day of the prior month-end balance.

Client Payment of Fees

Investment management fees are billed quarterly in advance, meaning we bill you before the three-month period has started. Payment in full is expected upon invoice presentation. Fees are usually deducted from a designated client account to facilitate billing. The client must consent in advance to direct debiting of their investment account. Fees for the combination services are charged at the end of the month in which services are offered to the credit card on file with Future Bright.

Additional Client Fees Charged

Custodians may charge transaction fees on purchases or sales of certain mutual funds, equities, and exchange-traded funds. These charges may include Mutual Fund transactions fees, postage and handling and miscellaneous fees (fee levied to recover costs associated with fees assessed by self-regulatory organizations). These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is more important than the nominal fee that the custodian charges to buy or sell the security.

Future Bright, in its sole discretion, may charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.). For more details on the brokerage practices, see Item 12 of this brochure.

Prepayment of Client Fees

Investment management fees are billed quarterly in advance.

If the client cancels after five (5) business days, any unearned fees will be refunded to the client, or any unpaid earned fees will be due to Future Bright.

External Compensation for the Sale of Securities to Clients

Future Bright does not receive any external compensation for the sale of securities to clients, nor do any of the investment advisor representatives of Future Bright.

Item 6: Performance-Based Fees and Side-by-Side Management

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

Future Bright does not use a performance-based fee structure because of the conflict of interest. Performance based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Item 7: Types of Clients

Description

Future Bright generally provides investment advice to individuals, high net worth individuals, small businesses, pension and profit sharing plans and corporations.

Client relationships vary in scope and length of service.

Future Bright serves as investment adviser to the Northern Plains Fund, LLLP, a properly exempt from registration private pooled investment vehicle formed as a private equity fund.

Account Minimums

Future Bright does not require a minimum to open an account.

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include fundamental analysis, technical analysis, and cyclical analysis. Investing in securities involves risk of loss that clients should be prepared to bear. Past performance is not a guarantee of future returns.

Fundamental analysis involves evaluating a stock using real data such as company revenues, earnings, return on equity, and profits margins to determine underlying

value and potential growth. Technical analysis involves evaluating securities based on past prices and volume. Cyclical analysis involves analyzing the cycles of the market.

The main sources of information include financial newspapers and magazines, annual reports, prospectuses, and filings with the Securities and Exchange Commission.

Investment Strategy

The investment strategy for a specific client is based upon the objectives stated by the client during consultations. The client may change these objectives at any time. Each client executes an Investment Policy Statement or Risk Tolerance that documents their objectives and their desired investment strategy. Other strategies may include long-term purchases, short-term purchases, trading, and option writing (including covered options, uncovered options or spreading strategies).

Future Bright subscribes to Hedgeye Research, which prescribes active asset management guidance using two economic indicators as its paramount data points: GDP and inflation. This method that we have labeled “Silo Investing” serves as our primary format of cyclical analysis. The directional trends of GDP and inflation guide our decisions for the types of asset types/sectors/styles we hold for clients. Hedgeye continually back tests every asset type/sector/style to indicate which type/sector/style may be favorable to own and which may be unfavorable to own under the following four combinations:

- GDP Accelerating, Inflation Decelerating (Expansionary)
- GDP Accelerating, Inflation Accelerating (Reflationary)
- GDP Decelerating, Inflation Accelerating (Stagflationary)
- GDP Decelerating, Inflation Decelerating (Recessionary)

Hedgeye also provides the raw economic data delivery that assists us in determining how and when to identify a change in Silo trends. It is the responsibility of Future Bright to determine which accounts are suitable for this type of asset management and to assemble and apply the portfolio composition for each model silo account. For clients who are suited for or who specifically request this active management process, we determine the weightings of each investment utilized based on risk tolerance, age and investment experience. We rely on a risk analysis software called Riskalyze, which a client interacts with to help determine the proper mix of assets and the level of risk we undertake for each client account. For taxable portfolios, we pay special attention to tax consequences and modify our approach to portfolio changes to create minimal tax burden for those accounts while still adhering to the Silo Investing philosophy.

Not all accounts under Future Bright management are suitable for Silo Investing. Investing involves risk, and it is the duty of each IAR to select the commensurate investment strategy appropriate for each individual client based on a risk tolerance assessment.

Security Specific Material Risks

All investment programs have certain risks that are borne by the investor. Fundamental analysis may involve interest rate risk, market risk, business risk, and financial risk. Risks involved in technical analysis are inflation risk, reinvestment risk, and market risk. Cyclical analysis involves inflation risk, market risk, and currency risk.

Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks and should discuss these risks with Future Bright:

- *Interest-rate Risk:* Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- *Market Risk:* The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- *Inflation Risk:* When any type of inflation is present, a dollar today will buy more than a dollar next year, because purchasing power is eroding at the rate of inflation.
- *Currency Risk:* Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- *Reinvestment Risk:* This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- *Business Risk:* These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- *Liquidity Risk:* Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- *Financial Risk:* Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

- *Risks of Private Placements including Northern Plains Fund, LLLP* - A security exempt from registering with the U.S. Securities and Exchange Commission and state securities regulator is often referred to as a private placement or unregistered offering.
 - Only an “accredited” investor should invest in a private placement offering. To qualify as “accredited” investor, the investor must (a) have a net worth (not including primary residence) of at least \$1 million, or (b) have an income exceeding \$200,000 in each of the 2 most recent years or joint income with a spouse exceeding \$300,000 for those years and a reasonable expectation of the same income level in the current year.
 - Private placement offerings often are speculative, high risk and illiquid investments. An investor can lose his or her entire investment in a private placement offering.
 - Private placement offerings are not subject to same laws and regulations, which are designed to protect investors, as registered securities offerings.
 - Private placement offerings have not been reviewed by a regulator to make sure risks associated with the risks of private placement investment have been adequately disclosed to prospective investors.
 - Private placement offerings often project higher rates of return, but this is typically because the risks of the underlying the private placement investment are also higher.
 - Private placement offerings are generally illiquid, meaning there are limited opportunities to resell the underlying security of the private placement. Therefore, an investor may be forced to hold the private placement security indefinitely.
 - Investors in a private placement offering are usually provided with less disclosure information than they would receive in a public securities offering. Consequently, investors know much less about the private placement investment and the people behind it.
 - Private placement offerings have been used by fraudsters in the past, and consequently private placement offerings are one of the most frequent sources of enforcement cases conducted by state securities regulators. It may be very difficult or impossible for an investor in a private placement offering to recover the money invested from the sponsor of the private placement offering if such offering turns out to be fraudulent.
 - Before investing in a private placement offering, an investor should carefully read and fully understand the subscription agreement and the offering memorandum/private placement memorandum.

- For additional details about private placement offerings and red flags associated with such offerings, please visit http://www.sec.gov/oiea/investor-alerts-bulletins/ib_privateplacements.html#.VDane410yUk

Item 9: Disciplinary Information

Criminal or Civil Actions

The firm and its management have not been involved in any criminal or civil action.

Administrative Enforcement Proceedings

The firm and its management have not been involved in administrative enforcement proceedings.

Self-Regulatory Organization Enforcement Proceedings

The firm and its management have not been involved in any legal or disciplinary events related to past or present investment clients.

Item 10: Other Financial Industry Activities and Affiliations

Broker-Dealer or Representative Registration

No affiliated representatives of Future Bright are registered representatives of a broker-dealer.

Futures or Commodity Registration

Neither Future Bright nor its employees are registered or has an application pending to register as a futures commission merchant, commodity pool operator, or a commodity trading advisor.

Material Relationships Maintained by this Advisory Business and Conflicts of Interest

Managing Member Ross David Almlie is also a licensed insurance agent. Approximately 15% of Mr. Almlie's time is spent in this practice. Mr. Almlie is also a selling agent for IDShield. Approximately, 1% of his time is spent in this practice. From time to time, he will offer clients products and/or services from this activity.

This represents a conflict of interest because it gives an incentive to recommend products and services based on the commission and/or fee amount received. This conflict is mitigated by disclosures, procedures, and the firm's Fiduciary obligation to place the best interest of the client first and the clients are not required to purchase any products or services. Clients have the option to purchase these products or services through another insurance agent or identity theft service of their choosing.

In addition to his other business activity as an insurance agent, Mr. Almlie is the Founder of BreadVault, LLC, a youth financial literacy company. Through this company Ross develops curriculum, conducts public speaking and creates writing

workshops to provide youth with a better understanding of saving, investing and giving. There is no conflict of interest as advisory clients of Future Bright are not solicited services for BreadVault, LLC.

General Partner to Northern Plains Fund, LLLP

Ross Almlie serves as general partner of Northern Plains Fund, LLLP. Thus, we are not independent from Northern Plains Fund, LLLP, but have a direct and beneficial interest in Northern Plains Fund, LLLP. Further, our owners and advisory personnel have personally invested in Northern Plains Fund, LLLP and also serve as board members and advisors to the Fund. We are also responsible for soliciting new investors into Northern Plains Fund, LLLP. These factors create an incentive to recommend Northern Plains Fund, LLLP. This is a conflict of interest, and consequently the investment advice provided by Future Bright is biased.

Please refer to the following section for more information of the material financial interest we have in Northern Plains Fund, LLLP and subsequent conflicts of interest.

Recommendations or Selections of Other Investment Advisors and Conflicts of Interest

Future Bright does not utilize the services of Third Party Money Managers to manage client accounts.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics Description

The employees of Future Bright have committed to a Code of Ethics (“Code”). The purpose of our Code is to set forth standards of conduct expected of Future Bright employees and addresses conflicts that may arise. The Code defines acceptable behavior for employees of Future Bright. The Code reflects Future Bright and its supervised persons’ responsibility to act in the best interest of their client.

One area the Code addresses is when employees buy or sell securities for their personal accounts and how to mitigate any conflict of interest with our clients. We do not allow any employees to use non-public material information for their personal profit or to use internal research for their personal benefit in conflict with the benefit to our clients.

Future Bright’s policy prohibits any person from acting upon or otherwise misusing non-public or inside information. No advisory representative or other employee, officer or director of Future Bright may recommend any transaction in a security or its derivative to advisory clients or engage in personal securities transactions for a security

or its derivatives if the advisory representative possesses material, non-public information regarding the security.

Future Bright's Code is based on the guiding principle that the interests of the client are our top priority. Future Bright's officers, directors, advisors, and other employees have a fiduciary duty to our clients and must diligently perform that duty to maintain the complete trust and confidence of our clients. When a conflict arises, it is our obligation to put the client's interests over the interests of either employees or the company.

The Code applies to "access" persons. "Access" persons are employees who have access to non-public information regarding any clients' purchase or sale of securities, or non-public information regarding the portfolio holdings of any reportable fund, who are involved in making securities recommendations to clients, or who have access to such recommendations that are non-public.

The firm will provide a copy of the Code of Ethics to any client or prospective client upon request.

Investment Recommendations Involving a Material Financial Interest and Conflict of Interest

We will recommend Northern Plains Fund, LLLP to our Asset Management Services clients. We have a material financial interest when recommending Northern Plains Fund, LLLP. We address for this conflict by comparing Northern Plains Fund, LLLP against other registered or non-registered pooled investment vehicles and we will recommend other pooled investment vehicles when more appropriate for the client. Future Bright will only recommend that a client invest a portion of client's portfolio in Northern Plains Fund, LLLP if Future Bright believes that it is in client's best interest. (Under no circumstances will Future Bright exercise any investment discretion with respect to whether to invest a client in Northern Plains Fund, LLLP.)

Clients are not obligated to invest in Northern Plains Fund, LLLP. The client will be solely responsible for making any decision in whether to invest in Northern Plains Fund, LLLP, and the client is under no obligation to invest in Northern Plains Fund, LLLP.

Because our recommendation that clients invest in Northern Plains Fund, LLLP is an inherent conflict of interest that cannot be completely overcome, we strongly encourage all clients consult with legal counsel, an accountant, a third-party investment adviser not affiliated with Future Bright, or any other financial professional of the client's choosing who is not affiliate with Future Bright for a "second opinion" before investing in Northern Plains Fund, LLLP.

If clients choose to invest in Northern Plains Fund, LLLP, we will not charge "double-fees" meaning we will only charge one fee against the assets invested in Northern

Plains Fund, LLLP (in the form of the 2.00% management fee we charge Northern Plains Fund, LLLP as investment adviser to the fund) and not also charge an additional Separately Managed Account services fee to the client on the portion of the client's assets invested in the Northern Plains Fund, LLLP. In an effort to mitigate our conflicts of interest, Future Bright has established policies and procedures to limit the amount of a client's portfolio invested in Northern Plains Fund, LLLP.

We permit our owners and employees to invest in Northern Plains Fund, LLLP. Employees seeking to invest in any private offering, including Northern Plains Fund, LLLP, must first be approved, in writing, by our Chief Compliance Officer prior to any purchase or redemption in the private security. Clients are given first right of opportunity over our employees for approval of investing in a private security or redeeming from the private security.

Private investments like Northern Plains Fund, LLLP are often illiquid which means that the investments can be difficult to trade and consequently limits an investor's ability to dispose of such investments in a timely manner and at an advantageous price. Additionally, such investments will not register pursuant to the Securities Act of 1933, and therefore investors must complete a subscription agreement showing the investor is an "accredited" investor (as defined by applicable law, rules and regulations) and acknowledge that he or she has read and understands the confidential private placement memorandum and is aware of the various risk factors associated with such an investment.

Please refer to Item 4, Item 5 and Item 10 of this Disclosure Brochure for more information.

Advisory Firm Purchase of Same Securities Recommended to Clients and Conflicts of Interest

Future Bright and its employees may buy or sell securities that are also held by clients. In order to mitigate conflicts of interest such as trading ahead of client transactions, employees are required to disclose all reportable securities transactions as well as provide Future Bright with copies of their brokerage statements.

Client Securities Recommendations or Trades and Concurrent Advisory Firm Securities Transactions and Conflicts of Interest

Future Bright does not maintain a firm proprietary trading account. However, employees may buy or sell securities at the same time they buy or sell securities for clients. In order to mitigate conflicts of interest such as front running, employees are required to disclose all reportable securities transactions as well as provide Future Bright with copies of their brokerage statements.

The Chief Compliance Officer of Future Bright is Ross D. Almlie. He reviews all employee trades each quarter. The personal trading reviews ensure that the personal trading of employees does not affect the markets and that clients of the firm receive preferential treatment over employee transactions.

Item 12: Brokerage Practices

Factors Used to Select Broker-Dealers for Client Transactions

Future Bright may recommend the use of a particular broker-dealer or may utilize a broker-dealer of the Client's choosing. Future Bright will select appropriate brokers based on a number of factors including but not limited to their relatively low transaction fees and reporting ability. Future Bright relies on its broker to provide its execution services at the best prices available. Lower fees for comparable services may be available from other sources. Clients pay for any and all custodial fees in addition to the advisory fee charged by Future Bright.

- *Directed Brokerage*
Future Bright does not allow clients to direct brokerage.
- *Best Execution*
Investment advisors who manage or supervise client portfolios on a discretionary and non-discretionary basis have a fiduciary obligation of best execution. The determination of what may constitute best execution and price in the execution of a securities transaction by a broker involves a number of considerations and is subjective. Factors affecting brokerage selection include the overall direct net economic result to the portfolios, the efficiency with which the transaction is effected, the ability to effect the transaction where a large block is involved, the operational facilities of the broker-dealer, the value of an ongoing relationship with such broker and the financial strength and stability of the broker. The firm does not receive any portion of the trading fees.
- *Soft Dollar Arrangements*
The Securities and Exchange Commission defines soft dollar practices as arrangement under which products or services other than execution services are obtained by Future Bright from or through a broker-dealer in exchange for directing client transactions to the broker-dealer. As permitted by Section 28(e) of the Securities Exchange Act of 1934, Future Bright receives economic benefits as a result of commissions generated from securities transactions by the broker-dealer from the accounts of Future Bright. These benefits include both proprietary research from the broker and other research written by third parties.

A conflict of interest exists when Future Bright receives soft dollars. This conflict is mitigated by disclosures, procedures, and the firm's Fiduciary obligation to act in the best interest of its clients and the services received are beneficial to all clients.

Aggregating Securities Transactions for Client Accounts

Future Bright is authorized in its discretion to aggregate purchases and sales and other transactions made for the account with purchases and sales and transactions in the same securities for other Clients of Future Bright. All clients participating in the aggregated order shall receive an average share price with all other transaction costs shared on a pro-rated basis.

Item 13: Review of Accounts

Schedule for Periodic Review of Client Accounts or Financial Plans and Advisory Persons Involved

Account reviews are performed quarterly by Ross D. Almlie, Chief Compliance Officer of Future Bright. Account reviews are performed more frequently when market conditions dictate.

Review of Client Accounts on Non-Periodic Basis

Other conditions that may trigger a review of clients' accounts are changes in the tax laws, new investment information, and changes in a client's own situation.

Content of Client Provided Reports and Frequency

Clients receive account statements no less than quarterly for managed accounts. Account statements are issued by Future Bright's custodian. Client receives confirmations of each transaction in account from Custodian and an additional statement during any month in which a transaction occurs.

Item 14: Client Referrals and Other Compensation

Economic benefits provided to the Advisory Firm from External Sources and Conflicts of Interest

Future Bright does not receive any economic benefits from external sources.

Advisory Firm Payments for Client Referrals

Future Bright does not compensate for client referrals.

Item 15: Custody

Account Statements

All assets are held at qualified custodians, which means the custodians provide account statements directly to clients at their address of record at least quarterly. Clients are urged to compare the account statements received directly from their custodians to the performance report statements prepared by Future Bright.

Future Bright is deemed to have constructive custody of client accounts solely because advisory fees are directly deducted from client's account by the custodian on behalf of Future Bright.

Private Fund Management Services

Ross Almlie serves as general partner of Northern Plains Fund, LLLP and, as such, has access to the fund's assets and holdings.

Northern Plains Fund, LLLP's accounts are maintained at all times with a qualified custodian such as a (1) a state or nationally chartered bank, (2) registered broker/dealer; or (3) other financial institution that provides qualified custodian services and meets requirements for serving as a qualified custodian under federal and state securities laws. Future Bright provides all Limited Partners of Northern Plains Fund, LLLP with notice of the qualified custodian that is holding the Northern Plains Fund, LLLP accounts.

Northern Plains Fund, LLLP engages a public accounting firm to audit its financial statements at least annually and audited financial statements (prepared in accordance with generally accounting principles) are distributed to all Limited Partners within 120 days after the end of Northern Plains Fund, LLLP's fiscal year (December 31).

Item 16: Investment Discretion

Discretionary Authority for Trading

Future Bright accepts discretionary authority to manage securities accounts on behalf of clients. Future Bright has the authority to determine, without obtaining specific client consent, the securities to be bought or sold, and the amount of the securities to be bought or sold. However, Future Bright consults with the client prior to each trade to obtain concurrence if a blanket trading authorization has not been given. Clients may imply certain restrictions on accounts with discretionary authority.

The client approves the custodian to be used and the commission rates paid to the custodian. Future Bright does not receive any portion of the transaction fees or commissions paid by the client to the custodian on certain trades.

Specific to Northern Plains Fund, LLLP, we also have discretionary authority to select brokers, dealers, banks, financial institutions, counterparties, custodians and other intermediaries by or through whom any transactions will be executed or carried out from time to time and open, maintain and close accounts with such entities. As part of this responsibility, we have the ability to negotiate certain expenses imposed by such financial institutions including commissions charged to Northern Plains Fund, LLLP.

Item 17: Voting Client Securities

Proxy Votes

Future Bright does not vote proxies on securities. Clients are expected to vote their own proxies. The client will receive their proxies directly from the custodian of their account or from a transfer agent.

When assistance on voting proxies is requested, Future Bright will provide recommendations to the client. If a conflict of interest exists, it will be disclosed to the client.

Private Fund Management Services

We are responsible for voting securities on behalf of Northern Plains Fund, LLLP. When we recognize a conflict of interest with respect to the voting of proxies on behalf of Northern Plains Fund, LLLP, we will request that the investors in Northern Plains Fund, LLLP, or a committee represented by such investors, assist with voting. When the firm votes proxies, the objective is to maximize the value of the investments held in Northern Plains Fund, LLLP portfolios. A copy of the Firm's proxy voting policies and procedures is available upon request.

Item 18: Financial Information

Balance Sheet

A balance sheet is not required to be provided because Future Bright does not serve as a custodian for client funds or securities and Future Bright does not require prepayment of fees of more than \$500 per client and six months or more in advance.

Financial Conditions Reasonably Likely to Impair Advisory Firm's Ability to Meet Commitments to Clients

Future Bright has no condition that is reasonably likely to impair our ability to meet contractual commitments to our clients.

Bankruptcy Petitions during the Past Ten Years

Neither Future Bright nor its management has had any bankruptcy petitions in the last ten years.

Item 19: Requirements for State Registered Advisors

Principal Executive Officers and Management Persons

 - RDA Financial Advisors, LLC; Chief Compliance Officer/Investment Advisor Representative; 10/2003 – 07/2010
-

Item 3 Disciplinary Information

None to report.

Item 4 Other Business Activities

Managing member Ross D. Almlie serves as the general partner to a private equity fund, Northern Plains Fund, LLLP, a Minnesota Limited Liability Limited Partnership. Please refer to the detailed disclosures in Form ADV Part 2A for information about the Northern Plains Fund, LLLP. As general partner, Mr. Almlie is responsible for the operational management of the fund including, but not limited to, appointing the investment adviser and admitting or substituting general partners (i.e. investors) of the fund. Mr. Almlie spends less than 10% of his time on this activity.

Mr. Almlie is also a licensed insurance agent. Approximately 15% of Mr. Almlie's time is spent in this practice. Mr. Almlie is also a selling agent for IDShield. Approximately, 1% of his time is spent in this practice. From time to time, he will offer clients products and/or services from this activity.

This represents a conflict of interest because it gives an incentive to recommend products and services based on the commission amount received. This conflict is mitigated by disclosures, procedures, and the firm's Fiduciary obligation to place the best interest of the client first and the clients are not required to purchase any products

or services. Clients have the option to purchase these products or services through another insurance agent or identity theft service of their choosing.

In addition to his other business activity as an insurance agent, Mr. Almlie is the Founder of BreadVault, LLC, a youth financial literacy company. Through this company Ross develops curriculum, conducts public speaking and creates writing workshops to provide youth with a better understanding of saving, investing and giving. There is no conflict of interest as advisory clients of Future Bright are not solicited services for BreadVault, LLC.

Item 5 Additional Compensation

Mr. Almlie receives additional compensation in his capacity as an insurance agent, but he does not receive any performance-based fees.

Item 6 Supervision

As Chief Compliance Officer of Future Bright Mr. Almlie is solely responsible for all supervision and formulation and monitoring of investment advice offered to clients. He will adhere to the policies and procedures as described in the firm's Compliance Manual.

Item 7 Requirements for State-Registered Advisors

Arbitration Claims: None to report.

Self-Regulatory Organization or Administrative Proceeding: None to report.

Bankruptcy Petition: None to report.
